

THE BASIC THEME OF OUR MESSAGE

1. There exists today a political/economic system that is tilted against the 99%.
2. That the richest 1% of the population control a disproportionate share of wealth and political power.
3. We believe that the elites, corporations, and banks (the richest one percent) have corrupted our political system through the influence of their wealth
4. There exists a mass economic injustice.
5. This inequality is a cancer to our national well being.
6. We denounce corporate greed and the gap between rich and poor.
7. We want to limit the role of money in politics.
8. We are fighting for a financial and political system that does not favor the wealthy and powerful.
9. As so eloquently expressed in The Gettysburg Address we seek: "a new birth of freedom – and that government of the people, by the people, for the people" AND NOT a government of the rich, by the rich, and for the rich.
10. For the sake of this nation - WE MUST ENDURE !
