

WE MUST ENDURE

The gap between the rich and poor is growing in this nation that is causing mass injustice.

This gap continues to widen at the hands of the richest 1% of the population who control a disproportionate share of wealth and political power.

So, instead of a nation with a government of the people, by the people and for the people - we have become a government of the rich, by the rich, and for the rich.

Abraham Lincoln said 'we are engaged in a great civil war, that it was a test whether this nation - could long endure'

We face a similar plight today because of such great disparity between the rich and the poor and it is once again a test whether this great nation of the United States of America - WILL LONG ENDURE.

Do not take your freedom and liberty for granted." - WILL WE LONG ENDURE ?

We advocate a non-violent movement. Yes, there are those who are being arrested in cities throughout America because they believe in this cause. But it is better that a few hundred be arrested now than in ten or twenty years tens of thousands of your children and grand children are being shot and killed as riots spring up across this country. We are one voice that is rising up across America that is speaking against the mass injustice so that this nation of the United States of America - WILL ENDURE.

There are those who have encamped out, who have made extreme sacrifices giving up jobs and living in 'camping' conditions, for you, the people, that this nation - WILL ENDURE.

They will continue to live in these conditions and remain there "as long as it takes to effect change" - to insure that America - WILL LONG ENDURE.

For you -the people - that freedom might continue to ring - WE MUST ENDURE

For the rich and the poor - WE MUST ENDURE

For those of every color - WE MUST ENDURE

For those who believe in a God and for those who do not believe - WE MUST ENDURE

And, for the sake of our children and grandchildren, who say "I have a dream" - WE MUST ENDURE

We stand as one voice crying out throughout this great nation of the United States of America - WE MUST LONG ENDURE.

WE MUST ENDURE ! WE MUST ENDURE ! WE MUST ENDURE ! WE MUST ENDURE !
